

SIGN ORDER GUIDE

Design Specifications

All materials used meet Baymont brand standards. Braille and raised graphics are used when required to meet ADA standards. All signs come ready with double-sided mounting tape for easy, quick placement at your property. Our ADA installation guide is also included.

Custom Text & Graphics

Every sign listed or shown in this section can be customized at no extra cost. Additional examples are shown on the order form. Simply call us at 800.645.3856 and we'll design signs to your specifications. Raised letters, graphics, symbols and Grade 2 Braille will be used when required to meet ADA standards.

 - **SPECIFY:** No Smoking
Handicap Accessible
Audio Impaired

BAY-RN46

The image shows a large grid of 32 smaller versions of a specific sign. Each sign is a blue oval containing the white text "327" and a red "no smoking" symbol (a cigarette with a slash through it). The grid is arranged in 4 rows and 8 columns. The signs are positioned such that they overlap slightly, creating a pattern across the page.
